*Ladies Spa Parties*

*Imagine you and your girlfriends taking a much needed time out for some pampering.*

*The spa will be closed to the public, and your private party will have the whole spa to yourselves.*

*Bring your own decorations (optional), hors d'oeuvres and drinks of choice, including alcoholic drinks! We will set up and take down.*

*When you walk in, you will slip into “relaxation mode” changing into spa robes and slippers.*

*Float from station to station, getting massages, facials, nails, tanning and hair services, while sipping sangria, talking about anything - except kids, husbands or work!*

*Whether it's a girl's night out for you and your besties, a special birthday, a bridal party with family from out of town, or a group of co-workers, we will make your night special!*
